FOR IMMEDIATE RELEASE

BRING YOUR BATH AND SHOWER TO LIFE WITH EXOTIC CUSTOM TILE MURALS!

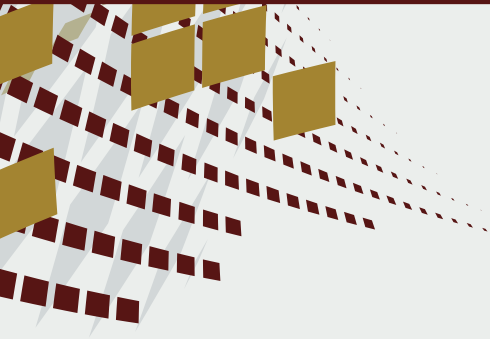

*Images In Tile Offers Homeowners and Designers a Unique Design Option ...
Custom Murals That Are Affordable, Beautiful and in most cases Ready In Just Two Weeks.*

(Denver, CO – June 23, 2003) Whether your existing home needs a fresh new look or you want to create a special custom-design to enhance your homes appeal, Images In Tile offers unique design options with custom tile murals and decos for the home. From kitchen and bathroom backsplashes to swimming pool and spa applications, distinctive tile art is aesthetically appealing, practical, durable and easy to maintain. Using a revolutionary process that unites craft and science, Images In Tile can infuse any artwork, graphic design or photograph directly – and permanently – into tile to create a custom, one-of-a-kind mural or deco...turning an otherwise ordinary space into a work of art!

Images In Tile works with inspired individuals and their contractors and designers to create exclusive, personal pieces for any home installation need. Distinctive, richly-detailed tile murals and decos allow you to introduce design and color to commonplace spaces in your home, transforming them from ordinary to extraordinary! Tile art is ideal for kitchen backsplashes, bathroom and shower backsplashes, pool and spas, fountains and even interior and exterior walls. Turn your tub or therapeutic shower into a tropical retreat – transform your pool into a tranquil seascape – or convert your kitchen into a cheerful flower garden.

Shown is the SHOWER WATERFALL that was created by Images In Tile for a private residence. The waterfall measures 6' x 4' and was created using 6" satin hard coat ceramic tiles. The typical retail cost for this type of project is \$ 1,500 to \$2,500. The final result is a shower that gives the illusion of being outside in the open spaces, alongside a gorgeous waterfall. You can almost hear the sound of the water as it tumbles down the rock wall. Imagine the possibilities. No project is too small or too large!

Custom Tile & Stone Murals for Commercial and Residential Spaces

Images In Tile Residential Murals Continued

Images In Tile's decorative tile murals or decos can feature any spectacular photo, favorite painting, themed image or digital artwork. You can provide your own image, select one from Images In Tile's vast collection of photography and artwork, or have a custom design created just for you. The image can be reproduced on to a single tile as deco, or made into a mural of any size. And, Images In Tile offers a diverse selection of tile bodies to choose from, including porcelain, ceramic and travertine options, to enhance the décor of any home.

To create tile murals from replicas of distinctive imagery, Images In Tile utilizes the latest evolution in dye-sublimation inks, coupled with innovative digital technology. In this process, images are printed onto a carrier paper using large format printers and sublimation dyes. Specially-coated tiles are then positioned on top of the printouts and placed in a heat press that applies high pressure at 400 degrees. During the heat transfer process, the molecules of the sublimation dyes turn from a solid to a gaseous state, allowing them to penetrate the surface of the tile. When the tile cools, the dyes return to their solid state and are permanently impregnated into the tile. All this is accomplished in unparalleled production times – typically only two weeks! The end result is a lasting, durable and vibrant image within one or several tiles that will bring your home to life.

Images In Tile, the leading manufacturer of custom tile and stone murals in the country, is based in Denver, Colorado.
